## DEADLINES

**All portraits are due  
Tuesday, October 26.**

**CHOOSE YOUR PORTRAIT  
from the Prestige website  
before 10/12.**

Use the login provided in the packet they mailed to your home address. Select the photo you want to appear in the yearbook. Photo will be sent to GB

*If you would like to provide your own photo instead of choosing a free Prestige session at school...*

**Do not attempt to take your own photo at home.**

Lighting and retouching make your portrait special. Taking your photo through the school with Prestige will eliminate submission mistakes and deadline headaches for you.

However, if you would like to pursue a sitting with another photographer, you may do so instead of choosing a Prestige session.

Make sure that your photographer understands the specifications on this sheet and can meet the deadline of October 26.

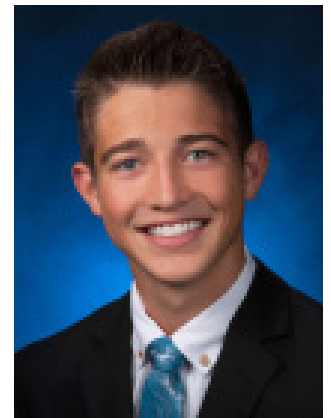

Prestige Portraits is our official photographer. Schedule your appointment now!

Prestige Photographers will waive all sitting fees and senior portraits will be sent directly to the yearbook staff.

- Take your portrait in July/August and order online later.
- You will get a packet with proofs and must choose the photo you want for the yearbook from their website. They will send the photo to the yearbook.

This ensures that your senior photo will be published in the yearbook and guarantees a professional photo that will meet the yearbook requirements for background and quality as follows:

- **Overall photo size:** We will crop down to 1.75 inches wide x 2 inches tall. Head size from top of head to chin: approximately 1.25 inches. **Photos should leave space around all 4 sides to allow yearbook staff to crop the photo proportionally.**
- **Background** is grey, blue, or beige. Black is NOT recommended. Bright colors are not recommended.
- Portraits must be **indoors**, in color.
- **No hands** in the photo and no props
- **Dress** in a neat, respectful fashion. **Nice shirt/top without text printed on it.**
